TARIFF FORMAT

- A. **Page Numbering** - Page numbers appear in the upper right corner of the page. Pages are numbered sequentially. However, new pages are occasionally added to the tariff. When a new page is added between pages already in effect, a decimal is added. For example, a new page added between Page 14 and 15 would be 14.1.
- B. **Page Revision Numbers** - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page version on file with the Commission. For example, the 4th revised Page 14 cancels the 3rd revised Page 14.
- C. **Paragraph Numbering Sequence** - There are various levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2
 - 2.1
 - 2.1.1
 - 2.1.1.1
- D. **Check Sheets** - When a tariff filing is made with the Commission, an updated Check Sheet accompanies the tariff filing. The Check Sheet lists the pages contained in the tariff, with a cross-reference to the current revision number. When new pages are added, the Check Sheet is changed to reflect the revision. An asterisk designates all revisions made in a given filing (*). There will be no other symbols used on this page if these are the only changes made to it (i.e., the format, etc. remain the same, just revised revision levels on some pages.) The tariff user should refer to the latest Check Sheet to find out if a particular page is the most current on file with the Commission.

CHECK SHEET

Sheets 1 through 46 inclusive of this tariff are effective as of the date shown at the bottom of the respective sheet(s). Original and revised sheets as named below comprise all changes from the original tariff and are currently in effect as of the date on the bottom of this sheet.

1 GENERAL

1.1 Explanation of Symbols

- (C) – To signify a changed regulation
- (D) – To signify a discontinued rate or regulation
- (I) – To signify an increase in a rate
- (M) – To signify text or rates relocated without change
- (N) – To signify a new rate or regulation or other text
- (R) – To signify a reduction in a rate
- (S) – To signify reissued regulations
- (T) – To signify a change in text but no change in rate
- (Z) – To signify a correction

1.2 Application of the Tariff

- 1.2.1 This tariff governs the Carrier's services that originate and terminate in Maryland. Specific services and rates are described elsewhere in this tariff.
- 1.2.2 The Company's services are available to residential and business customers.
- 1.2.3 The Company's service territory is entire Verizon-MD service area.

1.3 Definitions

- 1.3.1 "Carrier," "Company" or "Utility" refers to Xchange Telecom Corp.
- 1.3.2 "Commission" means the Maryland Public Service Commission.
- 1.3.3 "Completed call" is a call which the Company's network has determined has been answered by a person, answering machine, fax machine, computer modem device, or other answering device.
- 1.3.4 "Customer" means any person, firm, corporation, or governmental entity who has applied for and is granted service or who is responsible for payment of service.
- 1.3.5 "Regional Toll Service" is service furnished for communication between telephones in different local calling areas within a particular LATA in accordance with the regulations and schedules of charges specified in this tariff. Regional Toll calling includes the following types of calls: direct dialed, calling card, collect, 3rd number billed, special toll billing, requests to notify of time and charges, person to person calling and other station to station calls.
- 1.3.5.1 Classes of Call
Service is offered as two classes: station to station calling and person to person calling.
- 1.3.5.1.A. Station to Station Service is that service where the person originating the call dials the telephone number desired or gives the Company operator the telephone number of the desired telephone station or system.
- 1.3.5.1.B. Person to Person Service is that service where the person originating the call specifies to the Company operator a particular person to be reached, a particular mobile unit to be reached, or a particular station, department or office to be reached. The call remains a person to person call when, after the telephone, mobile telephone, or PBX system has been reached and while the connection remains established, the person originating the call requests or agrees to talk to any person other than the person specified, or to any other agreed upon alternate.

- 1.3.6 “Residential” customer is a customer who has telephone service at a dwelling and who uses the service primarily for domestic or social purposes. All other customers are non-residential customers.
- 1.3.7 “Service” means any telecommunications service(s) provided by the Carrier under this tariff.
- 1.3.8 “Station” means a telephone instrument consisting of a connected transmitter, receiver, and associated apparatus to permit sending or receiving telephone messages.

2 RULES AND REGULATIONS

2.1 Undertaking of the Company

The Company will provide local, intrastate and interstate telecommunications service to both residential and business customers. The services will be provided by reselling of the ILEC's services.

In furnishing facilities and service, the Company does not undertake to transmit messages, but furnishes the use of its facilities to its customers for communications.

The Company's obligation to furnish facilities and service is dependent upon its ability (a) to secure and retain, without unreasonable expense, suitable facilities and rights for the construction and maintenance of the necessary circuits and equipment; (b) to secure and retain, without unreasonable expense, suitable space for its plant and facilities in the building where service is or will be provided to the customer; or (c) to secure reimbursement of all costs where the owner or operator of a building demands relocation or rearrangement of plant and facilities used in providing service therein.

The Company shall not be required to furnish, or continue to furnish, facilities or service where the circumstances are such that the proposed use of the facilities or service would tend to adversely affect the Company's plant, property or service.

The Company reserves the right to refuse an application for service made by a present or former customer who is indebted to the Company for service previously rendered pursuant to this Tariff until the indebtedness is satisfied.

2.2 Obligations of the Customer

2.2.1 The customer shall be responsible for:

2.2.1.1 The payment of all applicable charges pursuant to this tariff;

2.2.1.2 Reimbursing the Company for damage to, or loss of, the Company's facilities or equipment caused by the acts or omissions of the customer; or the noncompliance by the customer, with these regulations, or by fire or theft or other casualty on the customer's premises unless caused by the negligence or willful misconduct of the employees or agents of the Company.

- 2.2.1.3 Providing at no charge, as specified from time to time by the Company, any needed space and power to operate the Company's facilities and equipment installed on the customer's premises.
 - 2.2.1.4 Complying with all laws and regulations regarding the working conditions on the premises at which the Company's employees and agents shall be installing or maintaining the Company's facilities and equipment. The customer may be required to install and maintain the Company's facilities and equipment within a hazardous area if, in the Company's opinion, injury or damage to the Company's employees or property might result from installation or maintenance by the Company. The customer shall be responsible for identifying, monitoring, removing and disposing of any hazardous material prior to any construction or installation work.
 - 2.2.1.5 Complying with all laws and regulations applicable to, and obtaining all consents, approvals, licenses and permits as may be required with respect to, the location of the Company's facilities and equipment in any customer premises for the purpose of installing, inspecting, maintaining, repairing, or upon termination of service as stated herein, removing the facilities or equipment of the Company.
 - 2.2.1.6 Making Company facilities and equipment available periodically for maintenance purposes at a time agreeable to both the Company and the customer. No allowance for interruptions in service will be made for the period during which service is interrupted for such purposes.
- 2.2.2 With respect to any service or facility provided by the Company, the customer shall indemnify, defend and hold harmless the Company from all claims, actions, damages, liabilities, costs and expenses for:
- 2.2.2.1 Any loss, destruction or damage to property of the Company or any third party, or injury to persons, including, but not limited to, employees or invitees of either the Company or the customer, to the extent caused by or resulting from the negligent or intentional act or omission of the customer, its employees, agents, representatives or invitees; or
 - 2.2.2.2 Any claim, loss, damage, expense or liability for infringement of any copyright, patent, trade secret, or any proprietary infringement of any copyright, patent, trade secret, or any proprietary or intellectual

property right of any third party, arising from any act or omission by the customer.

- 2.2.3 The customer is responsible for ensuring that customer-provided equipment connected to Company equipment and facilities is compatible with such equipment and facilities. The connection, operation, testing, or maintenance of such equipment shall be such as not to cause damage to the Company-provided equipment and facilities or injury to the Company's employees or other persons. Any additional protective equipment required to prevent such damage or injury shall be provided by the Company at the customer's expense.
- 2.2.4 The Company's services (as detailed in this tariff) may be connected to the services or facilities or other communications carriers only when authorized by, and in accordance with, the terms and conditions of the tariffs or contracts which are applicable to such connections.
- 2.2.5 Upon reasonable notification to the customer, and at a reasonable time, the Company may make such tests and inspections as may be necessary to determine that the customer is complying with the requirements set forth in this tariff for the installation, operation, and maintenance of customer-provided facilities and equipment that is connected to Company-owned facilities and equipment.

2.3 Liability of the Company

- 2.3.1 In view of the fact that the customer has exclusive control over the use of service and facilities furnished by the Company, and because certain errors incident to the services and to the use of such facilities of the Company are unavoidable, services and facilities are furnished by the Company subject to the terms, conditions and limitations herein specified:

2.3.2 Service Irregularities

- 2.3.2.1 The liability of the Company for damages arising out of mistakes, omissions, interruptions, delays, errors or defects in transmission, or failures or defects in facilities furnished by the Company, occurring in the course of furnishing service or other facilities and not caused by the negligence of the customer, shall in no event exceed an amount equivalent to the proportionate charge to the customer for the service or facilities affected during the period such mistake, omission, interruption, delay, error or defect in transmission, or failure or defect in facilities continues after notice and demand to Company.

By Mordy Gross
General Counsel

(Leave blank until tariff is approved)

Xchange Telecom Corp.,
3611 14th Ave., Suite 215, Brooklyn, NY 11218

2.3.2.2 The Company shall not be liable for any act or omission of any connecting carrier, underlying carrier or local exchange Company except where Company contracts the other carrier; for acts or omission of any other providers of connections, facilities, or service; or for culpable conduct of the customer or failure of equipment, facilities or connection provided by the customer.

2.3.3 Claims of Misuse of Service

2.3.3.1 The Company shall be indemnified and saved harmless by the customer against claims for libel, slander, fraudulent or misleading advertisements or infringement of copyright arising directly or indirectly from material transmitted over its facilities or the use thereof; against claims for infringement of patents arising from combining or using apparatus and systems of the customer with facilities of the Company; and against all other claims arising out of any act or omission of the customer in connection with the services and facilities provided by the Company.

2.3.3.2 The Company does not require indemnification from the customer where the action for which it is seeking indemnification is based on a claim of negligence by the Company.

2.3.4 Defacement of Premises

2.3.4.1 The Company is not liable for any defacement of, or damage to, the customer's premises resulting from the furnishing of service or the attachment of equipment and facilities furnished by the Company on such premises or by the installation or removal thereof, when such defacement or damage is not the result of negligence of the Company. For the purpose of this paragraph, no agents or employees of the other participating carriers shall be deemed to be agents or employees of the Company except where contracted by the Company.

2.3.5 Facilities and Equipment in Explosive Atmosphere, Hazardous or Inaccessible Locations

2.3.5.1 The Company does not guarantee nor make any warranty with respect to installations provided by it for use in an explosive atmosphere. Company shall be indemnified, defended and held harmless by the customer from and against any and all claims, loss, demands, suits, or other action, or any liability whatsoever,

whether suffered, made, instituted or asserted by the customer or by any other party, for any personal injury to or death of any person or persons, and for any loss, damage or destruction of any property, including environmental contamination, whether owned by the customer or by any other party, caused or claimed to have been caused directly or indirectly by the installation, operation, failure to operate, maintenance, presence, condition, location, use or removal of any equipment or facilities or the service and not due to the gross negligence or willful misconduct of the Company.

2.3.6 Service at Outdoor Locations

2.3.6.1 The Company reserves the right to refuse to provide, maintain or restore service at outdoor locations unless the customer agrees in writing to indemnify and save the Company harmless from and against any and all loss or damage that may result to equipment and facilities furnished by the Company at such locations. The customer shall likewise indemnify and save the Company harmless from and against injury to or death of any person which may result from the location and use of such equipment and facilities.

2.3.7 Warranties

2.3.7.1 THE COMPANY MAKES NO WARRANTIES OR REPRESENTATIONS, EXPRESS OR IMPLIED EITHER IN FACT OR BY OPERATION OF LAW, STATUTORY OR OTHERWISE, INCLUDING WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR USE, EXCEPT THOSE EXPRESSLY SET FORTH HEREIN.

2.3.7.2 Acceptance of the provisions of Section 2.3 by the Commission does not constitute its determination that any disclaimer of warranties or representations imposed by the Company should be upheld in a court of law.

2.3.8 Limitation of Liability

2.3.8.1 Nothing in this tariff shall be construed to limit the Company's liability in cases of gross negligence or willful misconduct.

- 2.4 Application for Service
 - 2.4.1 Minimum Contract Period
 - 2.4.1.1 Except as otherwise provided, the minimum contract period is one month for all services furnished. However, if a new residential or single line business customer notifies the Company within twenty days after receipt of the first bill that certain services or equipment are not desired, the Company will delete such services or equipment from the customer's account without a record keeping or service ordering charge. The customer nonetheless shall be responsible for all monthly usage and installation charges incurred for the use of such service and equipment.
 - 2.4.1.2 Except as provided in 2.4.2.1, the length of minimum contract period for directory listings, and for joint user service where the listing actually appears in the directory, is the directory period. The directory period is from the day on which the directory is first distributed to customers to the day the succeeding directory is first distributed to customers.
 - 2.4.1.3 The Company may require a minimum contract period longer than one month in connection with special, non-standard types or arrangements of equipment, or for unusual construction, necessary to meet special demands for service.
 - 2.4.2 Cancellation of Service
 - 2.4.2.1 Where the applicant cancels an order for service prior to the start of the installation or special construction of facilities, no charge shall apply, except to the extent the Company incurs a service order or similar charge from a supplying carrier, if any, prior to the construction.
 - 2.4.2.2 Where the installation of facilities, other than those provided by special construction, has been started prior to cancellation, the lower of the following charge applies;
 - 2.4.2.2.A The total costs of installing and removing such facilities; or
 - 2.4.2.2.B The monthly charges for the entire initial contract period of the service ordered by the customer as provided in this tariff plus the full amount of any applicable installation and termination charges.

- 2.4.2.3 Where special construction of facilities has been started prior to the cancellation, and the Company has another requirement for the specially constructed facilities, no charge applies.

2.5 Payment for Service

- 2.5.1 Service will be billed directly by the Company on a monthly basis and is due and payable upon receipt or as specified on the customer's bill. Service will continue to be provided until canceled by the customer or discontinued by the Company as set forth in Section 2.14 of this tariff.
- 2.5.2 The customer is responsible for payment of all charges for service furnished to the customer. Charges based on actual usage during a month will be billed monthly in the month following the month in which the service was used. All fixed monthly and nonrecurring charges for services ordered will be billed monthly in advance.
- 2.5.3 The Company reserves the right to require from an applicant for service advance payments of fixed charges and nonrecurring charges. The advance payment will not exceed an amount equal to the nonrecurring charge(s) and one month's charges for the service or facility. In addition, where special construction is involved, the advance payment may also include an amount equal to the estimated nonrecurring charges for the special construction. The advance payment will be applied to any indebtedness for the service and facilities for which the advance payment is made on the customer's initial bill.

Advanced payments for installation costs or special construction will be credited on the first bill in their entirety.

- 2.5.4 If the Company provides service under a term plan (1,3,5 years, etc.) and (1) automatically renews the contract, and (2) imposes a penalty for early cancellation by the customer, then the customer shall be notified 60 days in advance of the customer's current contract expiration date.

2.6 Customer Deposits

- 2.6.1 The Company does not collect customer deposits.

2.7 Late Payment Charges

- 2.7.1 The Carrier agrees to abide by the regulations governing late payment charges as specified by COMAR 20.30.03. as amended from time to time.

- 2.7.2 Any charges that are disputed by a customer shall not be subject to late payment charges regardless of the outcome of the dispute.
- 2.7.3 The Company will consider delinquent and apply late payment charges on bills not paid within 20 days of the billing invoice date in the case of residential customers and within 15 days of the billing invoice date in the case of all non-residential customers in accordance with COMAR Sections 20.30.03.01A and 20.30.03.01B, respectively.
- 2.7.4 Late payment fees will be computed at a rate not to exceed 1.5% per month, for the two nominal billing intervals and may not exceed 5% of the total original unpaid charges in compliance with COMAR 20.30.03.01.A(1) and 20.30.03.01B(1).

2.8 Customer Complaints and Billing Disputes

- 2.8.1 Customers may notify the carrier of billing or other disputes either orally or in writing. There is no time limit for submitting disputes.
- 2.8.2 Customer complaints and billing disputes that are not satisfactorily resolved may be presented by the customer to:

Office of External Relations
Maryland Public Service Commission
6 St. Paul Street
Baltimore, MD 21202

410-767-8028 (Office of External Relations)
410-767-8000 (Main PSC number)
1-800-492-0474 (Toll-free PSC number)

- 2.8.3 The Company provides the following toll free number **1 (877) 853-8350** for customers to contact the carrier in accordance with COMAR 20.45.04.02.B.
- 2.8.4 The Company will not collect attorney fees or court costs from customers.

2.9 Allowance for Interruptions in Service

- 2.9.1 Credit for failure of service or equipment will be allowed only when failure is caused by or occurs in equipment owned, provided, or billed for, by the Company. The Carrier agrees to abide by the regulations associated with

interruptions in service as specified by Code of Maryland Regulations 20.45.05.09 as amended from time to time.

2.9.2 Interruptions in service, which are not due to the negligence of, or non-compliance with the provisions of this Tariff by the Customer, or the operation or malfunction of the facilities, power, or equipment provided by the Customer, will be credited to the Customer as set forth below for the part of the service that the interruption affects. A credit allowance will be made when an interruption occurs because of a failure of any component furnished by the Company under this Tariff.

2.9.2.1 Credit for Interruptions

2.9.2.1.A An interruption period begins when the Customer reports a service, facility, or circuit to be interrupted and releases it for testing and repair. An interruption period ends when the service, facility, or circuit is operative. If the Customer reports a service, facility, or circuit to be inoperative but declines to release it for testing and repair, it is considered to be impaired, but not interrupted.

2.9.2.1.B For calculating credit allowances, every month is considered to have 30 days. A credit allowance is applied on a pro rata basis against the rates specified hereunder and is dependent upon the length of the interruption. Only those facilities on the interrupted portion of the circuit will receive a credit.

2.9.2.1.C A credit allowance will be given, upon request of the customer to the business office, for interruptions of 30 minutes or more. Credit allowances will be calculated as follows:

if interruption continues for more than 24 hours:

1. if caused by storm, fire, flood or other condition out of Company's control, 1/30th of the monthly rate for each 24 hours of interruption.
2. for other interruption, 1/30 of the monthly rate for the first 24 hours and 2/30ths of such rate for each additional 24 hours (or fraction thereof); however, if service is interrupted for over 24 hours, more than once in the same billing period, the 2/30ths allowance

applies to the first 24 hours of the second and subsequent interruptions

Two or more interruptions of 15 minutes or more during any one 24-hour period shall be considered as one interruption.

2.9.2.1.D Credit to Customer

Credits attributable to any billing period for interruptions of service shall not exceed the total charges for that period for the service and facilities furnished by the Company rendered useless or substantially impaired.

2.9.2.1.E "Interruption" Defined

For the purpose of applying this provision, the word "interruption" shall mean the inability to complete calls either incoming or outgoing or both due to equipment malfunction or human errors. "Interruption" does not include and no allowance shall be given for service difficulties such as slow dial tone, circuits busy or other network and/or switching capacity shortages. Nor shall the interruption allowance apply where service is interrupted by the negligence or willful act of the subscriber or where the Company, pursuant to the terms of the Tariff, suspends or terminates service because of nonpayment of bills due to the company, unlawful or improper use of the facilities or service, or any other reason covered by the Tariff. No allowance shall be made for interruptions due to electric power failure where, by the provisions of this Tariff, the subscriber is responsible for providing electric power. Allowance for interruptions of message rate service will not affect the subscriber's local call allowance during a given billing period.

2.9.2.1.F No credit allowance will be made for:

- 2.9.2.1.F.1 interruptions due to the negligence of, or non-compliance with the provisions of this Tariff, by any party other than the Company, including but not limited to the customer, authorized user, or other common carriers connected to, or providing service connected to, the service of the Company or to the Company's facilities;

- 2.9.2.1.F.2 interruptions due to the failure or malfunction of non-Company equipment, including service connected to customer provided electric power;
- 2.9.2.1.F.3 interruptions of service during any period in which the Company is not given full and free access to its facilities and equipment for the purpose of investigating and correcting interruptions;
- 2.9.2.1.F.4 interruptions of service during any period when the customer has released service to the Company for maintenance purposes or for implementation of a customer order for a change in service arrangements;
- 2.9.2.1.F.5 interruptions of service due to circumstances or causes beyond the control of the Company.

2.10 Taxes and Fees

- 2.10.1 All state and local taxes and fees shall be listed as separate line items on the customer's bill.
- 2.10.2 If a municipality, other political subdivision or local agency of government, or the Commission imposes and collects from the Company a gross receipts tax, occupation tax, license tax, permit fee, franchise fee, or regulatory fee, such taxes and fees shall, as allowed by law, be billed pro rata to the customer receiving service from the Company within the territorial limits of such municipality, other political subdivision or local agency of government.
- 2.10.3 Service shall not be subject to taxes for a given taxing jurisdiction if the customer provides the Company with written verification, acceptable to the Company and to the relevant taxing jurisdiction, that the customer has been granted a tax exemption.

2.11 Returned Check Charge

The charge for a returned check is \$25.00.

2.12 Directory Assistance Call Allowance

Residential customers shall receive four free directory assistance calls per month with two requests per call. Charges will not be levied for Directory

Assistance on an individual who suffers from a physical or visual disability that precludes the use of a telephone directory.

2.13 Special Customer Arrangements

In cases where a customer requests special or unique arrangements which may include but are not limited to engineering, conditioning, installation, construction, facilities, assembly, purchase or lease of facilities and/or other special services not offered under this tariff, the Company, may provide the requested services. Appropriate recurring charges and/or nonrecurring charges and other terms and conditions will be developed for the customer for the provisioning of such arrangements.

2.14 Termination of Service:

2.14.1 Denial of Service Without Notice

The Company may discontinue service without notice for any of the following reasons:

- 2.14.1.1 Hazardous Condition. For a condition on the customer's premises determined by the Company to be hazardous.
- 2.14.1.2 Adverse Effect on Service. Customer's use of equipment in such a manner as to adversely affect the Company's equipment or the Company's service to others.
- 2.14.1.3 Tampering With Company Property. Customer's tampering with equipment furnished and owned by the Company.
- 2.14.1.4 Unauthorized Use of Service. Customer's unauthorized use of service by any method which causes hazardous signals over the Company's network.
- 2.14.1.5. Illegal use of Service. Customer's use of service or equipment in a manner to violate the law.

2.14.2. Denial of Service Requiring Notice

- 2.14.2.1 The Company may deny service for any of the following reasons provided it has notified the customer of its intent, in writing, to deny service and has allowed the customer a reasonable time of not less than 10 days in which to remove the cause for denial:

- 2.14.2.1.A Non-compliance with Regulations. For violation of or non-compliance with regulations contained in Code of Maryland Regulations 20.45.04, or for violation of or non-compliance with the Company's tariffs on file with the Commission.
- 2.14.2.1.B Failure on Contractual Obligations. For failure of the customer to fulfill his contractual obligations for service or facilities subject to regulation by the Maryland Public Service Commission.
- 2.14.2.1.C Refusal of Access. For failure of the customer to permit the Company to have reasonable access to its equipment.
- 2.14.2.1.D Non-payment of Bill.
 - 2.14.2.1.D.1 For non-payment of a bill for service, provided that the Company has made a reasonable attempt to effect collection and has given the customer written notice of its intent to deny service if settlement of his account is not made and provided the customer has at least 5 days, excluding Sundays and holidays in which to make settlement before his service is denied.
 - 2.14.2.1.D.2 In cases of bankruptcy, receivership, abandonment of service, or abnormal toll usage not covered adequately by a security deposit, less than 5 days notice may be given if necessary to protect the Company's revenues.
 - 2.14.2.1.D.3 Except in cases where a prior promise to pay has not been kept or bankruptcy, receivership, abandoned service, or abnormal toll usage is involved, the Company may not deny service on the day preceding any day on which it is not prepared to accept payment of the amount due and to reconnect service.
 - 2.14.2.1.D.4 Failure to Comply with Service Conditions. For failure of the customer to furnish the service equipment, permits, certificates, or rights-of-way, specified by the Company as a condition to obtaining service, or if the equipment or permissions are withdrawn or terminated.

2.14.2.1.D.5 Failure to Comply with Municipal Ordinances. For failure to comply with municipal ordinances or other laws pertaining to telephone service.

2.14.3. Insufficient Reasons for Denial of Service

2.14.3.1 The following may not constitute cause for refusal of service to a present or prospective customer:

2.14.3.1.A Failure of a prior customer to pay for service at the premises to be serviced;

2.14.3.1.B Failure to pay for a different class of service for a different entity;

2.14.3.1.C Failure to pay the bill of another customer as guarantor of that bill;

2.14.3.1.D Failure to pay directory advertising charges;

2.14.3.1.E Failure to pay an undercharge as described in the Code of Maryland Regulations 20.45.04.01.D.(2); or

2.14.3.1.F Failure to pay an outstanding bill that is over 7 years old, unless the:

2.14.3.1.F.1 Customer signed an agreement to pay the outstanding bill before the expiration of this period;

2.14.3.1.F.2 Outstanding bill is for service obtained by the customer by means of tampering with equipment furnished and owned by the Company or by unauthorized use of service by any method; or

2.14.3.1.F.3 Outstanding bill is for service obtained by the customer by means of an application made:

(i) In a fictitious name,

(ii) In the name of an individual who is not an occupant of the dwelling unit, without disclosure of the individual's actual address,

- (iii) In the name of a third party without disclosing that fact or without bonafide authority from the third party, or
- (iv) Without disclosure of a material fact or by misrepresentations of a material fact.

2.14.3.2 This regulation applies to both residential and nonresidential classes of service.

PROVISION OF SERVICE AND FACILITIES

2.15 Unlawful Use of Service

2.15.1 Service shall not be used for any purpose in violation of law or for any use as to which the customer has not obtained all required governmental approvals, authorizations, licenses, consents, and permits. The Company shall refuse to furnish service to an applicant or shall disconnect the service without notice of a customer when:

2.15.1.1 An order shall be issued, signed by a judge finding that probable cause exists to believe that the use made or to be made of the service is prohibited by law, or

2.15.1.2 The Company is notified in writing by a law enforcement agency acting within its jurisdiction that any facility furnished by the Company is being used or will be used for the purpose of transmitting or receiving gambling information in interstate or foreign commerce in violation of the law.

2.15.2 If service has been physically disconnected by law enforcement officials at the customer's premises and if there is not presented to the Company the written finding of a judge, then upon written or verbal request of the subscriber, and agreement to pay restoral of service charges and other applicable service charges, the Company shall promptly restore such service.

2.16 Interference with or Impairment of Service

Service shall not be used in any manner that interferes with other persons in the use of their service, prevents other persons from using their service, or otherwise impairs the quality of service to other customers. The Company may require a customer to immediately shut down its transmission of signals if said transmission is causing interference to others or impairing the service of others.

2.17 Telephone Solicitation by Use of Recorded Messages

2.17.1 Service shall not be used for the purpose of solicitation by recorded messages when such solicitation occurs as a result of unrequested or unsolicited calls initiated by the solicitor by means of automatic dialing devices. Such devices, with storage capability of numbers to be called or a random or sequential number generator that produces numbers to be called and having the capability, working alone or in conjunction with other equipment, of disseminating a prerecorded message to the number called and which are calling party or called party controlled, are expressly prohibited.

2.18 Incomplete Calls

2.18.1 There shall be no charge for incomplete calls. No charge will be levied for unanswered calls. Customers will receive credit for calls placed to a wrong number if the customer notifies the Company of the error.

2.19 Overcharge/Undercharge

2.19.1 Overcharge/undercharge provisions will be in accordance with COMAR 20.45.04.01.

2.19.2 When a customer has been overcharged, the amount shall be refunded or credited to the customer.

3 DESCRIPTION OF SERVICES

3.1 Trial Services

- 3.1.1 The Company may offer new services, not otherwise tarified, from time to time on a trial basis subject to Commission approval. Such trials are limited to a maximum of six months at which time the trial offering must be either withdrawn or made available on permanent basis.

3.2 Promotional Offerings

- 3.2.1 The Company may offer existing services on a promotional basis, subject to Commission approval, that provides special rates, terms, or conditions of service. Promotional offerings are limited to a maximum of six months at which time the promotional offering must be either withdrawn or made available on a permanent basis. All promotions, regardless of whether services are given away for free, are subject to Commission approval. The Company may file a promotional offering on one days notice to the Commission.

3.3 Individual Case Basis (“ICB”) Offerings

- 3.3.1 The tariff may not specify the price of a service in the tariff as ICB. The Company may or may not have an equivalent service in its tariff on file with the Commission, and the quoted ICB rates may be different than the tarified rates. An ICB must be provided under contract to a customer and the contract filed (can be under seal) with the Commission. All customers have non-discriminatory access to requesting the service under an ICB rate.

3.4 Customized Pricing Arrangements (“CPAs”) Offerings

- 3.4.1 The Company may offer CPAs to eligible customers. Each CPA is customized to meet the specific needs of a customer. Rates quoted are different from the tarified rates. CPA rates must be provided under contract to a customer and the contract filed (can be under seal) with the Commission.

4 RATES AND CHARGES

4.1 Calculation of Rates

4.1.1 Rates for service are based on airline mileage between rate centers of the calling and called stations. The location of rate centers is based on information provided by Verizon Maryland, Inc. Mileage is calculated using the Vertical and Horizontal (V&H) coordinate system from the National Exchange Carriers Association Tariff F.C.C. No. 4.

4.1.2 Timing of calls begins when the call is answered at the called station. Calls originating in one time period and terminating in another time period will be billed according to the rates in effect during each portion of the call.

4.2 Dial-Around Compensation Surcharge for Payphones:

4.2.1 A Dial-Around Compensation Surcharge applies to all completed consumer intrastate long distance calls placed from a public/semi-public payphone which are not paid on a sent paid basis. The Surcharge applies to:

- A. Calling card service
- B. Collect calls
- C. Third party billed
- D. Directory Assistance calls
- E. Pre-paid card service

4.2.2 The Surcharge does not apply to:

- A. Calls paid for by inserting coins
- B. Calls placed from stations other than public/semi-public payphones
- C. Calls placed to the Maryland Telecommunications Relay Service for the hearing impaired
- D. Any calls for which the payphone provider is otherwise compensated pursuant to contract with the carrier.

4.2.3 The Dial Around Compensation Surcharge rate is \$.50 per call.

4.3 Local Service Provider Freeze

4.3.1 The Company will make available a local service provider freeze to all residence and business customers on a nondiscriminatory basis at no charge to the end user. This freeze prevents a change in the end user's

local service provider unless the end user gives the carrier from whom the freeze was requested his or her express consent.

- 4.3.2 End users may request a freeze on their local service provider as a means of protection from unauthorized changes. In establishing a freeze, carriers must follow the verification procedures for preferred carrier freezes of the Federal Communications Commission ("FCC") (e.g., independent 3rd party verification, written letter of agency from customers, electronic authorization).
- 4.3.3 The Company will accept a customer's written or oral authorization, including a three-way call with the customer, the Company and the new local service provider selected by the customer, to lift a freeze previously imposed by the customer on his or her choice of local service provider. In accordance with federal regulations, when engaged in oral authorization to lift a local service provider freeze, the Company must confirm appropriate customer identification data and the customer's intent to lift the freeze. Carriers will impose and lift the freeze in accordance with the then applicable provisions of the federal regulations, the current provisions of which appear at Title 47, Part 64 of the Code of Federal Regulations, 47 C.F.R. 64.1190. Carriers must still follow the verification procedures of the FCC for changing preferred carriers (e.g., independent 3rd party verification, written letter of agency from customers, electronic authorization).

4.4 Rates

4.4.1 Application of Rates

- 4.4.1.1 The rates shown herein entitle the customer to local messages to all telephones bearing the designation of any central office of the exchanges and zones included as specified in the associated exchange area, as defined in the Verizon Maryland tariff.

For message rate customers, one message unit applies for each local message to dial tone lines in the local service portion of the customer's exchange area.

For measured rate customers, calls will be billed on a per-minute basis for all calls within the local service portion of the customer's exchange area.

- 4.4.1.2 The rates for dial tone lines and monthly usage options apply as specified in 4.4.2. All connection charges for initiating new service are specified in 4.4.3.
- 4.4.1.3 Charges for monthly usage options apply in addition to the charges for dial tone lines, except as specified in 4.4.3, regarding all inclusive plans.

4.4.1.4 Residence Rates

- 4.4.1.4.A Dial tone lines are available only in conjunction with a local calling service monthly usage option as specified in 4.4.2.

Individual Lines may use the Limited or Unlimited Monthly Usage Options.

- 4.4.1.4.B Monthly usage options provide for local calling privileges on a monthly basis to dial tone lines in the customer's exchange area as follows.

Local Calling Service

Unlimited Usage - No limit on the number of calls to the local service portion of the customer's exchange area for a flat rate.

Limited Usage - A limited amount (Allowance) of message rate or measured rate calling, as appropriate, to the local service portion (Local Service) of the customer's exchange area. For all calling over the allowance, additional rates per call apply.

Unlimited Calling Packages

CityTalk - Includes standard network access line, Local Service up to 90 hours aggregate use per month, and 200 minutes of Regional Toll Service. Also includes all taxes and surcharges applicable to standard network access line and included usage up to 90 hours aggregate per month. Does not include any calls to Information Services Platforms, Conference Bridging Services, or Audio Programming. Calls to such Services and Programs are charged on a per call basis at the rates as

specified in 4.4.2 for usage applicable to usage beyond aggregate 90 hours per month. Also includes the Talk Feature package as specified in 4.5.

NationTalk - Includes standard network access line, Local, Regional, Intrastate Toll and Interstate Toll Bundle up to 90 hours aggregate use per month. Also includes all taxes and surcharges applicable to standard network access line and included usage up to 90 hours aggregate per month. Does not include any calls to Information Services Platforms, Conference Bridging Services, or Audio Programming. Calls to such Services and Programs are charged on a per call basis at the rates as specified in 4.4.2 for usage applicable to usage beyond aggregate 90 hours per month. Also includes the Talk Feature package as specified in 4.5.

4.4.1.5 Business Rates

Dial tone lines are available with either message rate or measured rate service, with no local calling service monthly usage options available, or a Business Customer may select an Unlimited Calling Package.

Unlimited Calling Packages

Business Unlimited Local - Includes standard network access line, Local Service up to 90 hours aggregate use per month, and 200 minutes of Regional Toll Service. Also includes all taxes and surcharges applicable to standard network access line and included usage up to 90 hours aggregate per month. Does not include any calls to Information Services Platforms, Conference Bridging Services, or Audio Programming. Calls to such Services and Programs are charged on a per call basis at the rates as specified in 4.4.2 for usage applicable to usage beyond aggregate 90 hours per month.

Business Unlimited Local Plus - Includes standard network access line, Local Service up to 90 hours aggregate use per month, and 200 minutes of Regional Toll Service. Also includes all taxes and surcharges applicable to standard network access line and included usage up to 90 hours aggregate per month. Does not include any calls to

4.4.2.3.C Termination Liability

In the event the service is terminated by the customer prior to completion of the current term commitment period, the customer shall be liable for an early termination charge, except as noted below. The amount of the early termination charge will be 25% of the monthly recurring charge(s) (MRC) for the remainder of the term. For example:

General Counsel

(Leave blank until tariff is approved)

Xchange Telecom Corp.,
3611 14th Ave., Suite 215, Brooklyn, NY 11218

25% x MRC x # of Lines x Remainder of Term = Termination Charge

4.4.2.3.C.1 End of Term Options:

Prior to the end of the term commitment period, the customer may select one of the following options, to be effective at the end of the term:

- Renew their term commitment,
- Arrange for termination of the service
- Convert to month-to-month service

4.4.2.3.C.2 In the event the customer does not select one of the above options, the customer will be converted to month-to-month service.

4.4.2.3.C.3 Early termination charges will not be assessed under the following circumstances:

- (A) If the rate for the service is increased during the term period, exclusive of any increase due to local, state or federal fees, taxes or surcharges;
- (B) Customer moves existing service either to a new location within the same address and/or same building (inside move) or to a new location (outside move) and maintains that service for the remainder of the term;
- (C) Customer attempts to move the existing service to a new location within Company's service area, but the service is unavailable;
- (D) Customer renegotiates a new term commitment plan for the same service before the current term commitment expires and the value of the new term commitment is equal to or greater than the remaining value of the current term commitment; or,
- (E) Customer changes to another service or upgrades service to a higher speed or capacity under a term commitment, provided the value of the new term commitment is equal to or

greater than the remaining value of the current term commitment; The Company provides the new service via tariff or on a Customer Specific Pricing (CSP) agreement; and the order to discontinue the existing service and the order for the new or upgraded service are received by the Company at the same time.

- 4.4.2.3.C.4 In the event the customer terminates service within the first thirty (30) days, the customer will be liable for the applicable monthly rate incurred by the customer and non-recurring charges; however, the Termination Liability will be waived. If the customer terminates service after thirty (30) days but prior to completion of the term commitment period, the customer shall be liable for an early termination charge and non-recurring charges.

4.4.3 Connection Charge

4.4.3.1 General

The Connection Charge is a nonrecurring charge which applies to the following: (a) the installation of a new service; (b) the transfer of an existing service to a different location; (c) a change from one class of service to another at the same or a different location; or (d) restoral of service after suspension or termination for nonpayment pursuant to 2.14.2.1.D. Connection Charges are listed with each service to which they apply.

4.4.3.2. Exceptions to the Charge

- 4.4.3.2.A No charge applies for a change to a service for which a lower monthly rate applies, made within 90 days after any general rate increase, if a lower grade of service is offered in the customer's exchange.
- 4.4.3.2.B No charge applies for one change in the class of residence service, provided that the change is ordered within 90 days of the initial connection of the customer's exchange service.
- 4.4.3.2.C The Company may from time to time waive or reduce the charge as part of a promotion. See Section 3.2.

4.4.4 Restoral Charge

A restoral charge applies each time a service is reconnected after suspension or termination for nonpayment but before cancellation of the service, as deemed in Section 2.14.2.1.D of this Tariff. The restoral charge is \$30.00.

4.4.5 Charges Associated With Premises Visit

When a visit to the customer's premises is necessary to isolate a problem reported to the Company but identified by the Company's technician as attributable to customer-provided equipment or inside wire, a separate charge of \$120.00 applies in addition to all other charges for the visit.

4.5. Features and Optional Services

4.5.1. General

The features in this section are made available on an individual basis or as part of multiple feature packages. All features are provided subject to availability; features may not be available with all classes of service. Transmission levels may not be sufficient in all cases. All optional services are provided on a per-use basis, unless customer orders a monthly usage feature package, when available, for that service.

4.5.2. Description of Features

Anonymous Call Rejection

Anonymous Call Rejection is an arrangement that allows a called party to reject calls from parties that have activated the *67 per call blocking feature to prevent the display of the calling telephone numbers to Caller ID – Number Only subscribers or to prevent the display of the calling telephone numbers and associated main listed names to Caller ID subscribers. When Anonymous Call Rejection is activated, such calls will be routed to an announcement which tells the calling party that the called party will not accept calls from callers who have chosen to prevent the display of their telephone numbers and names. The calling party will be instructed to hang up and place the call again, without activating the *67 per call blocking feature. Customers may activate or deactivate Anonymous Call Rejection by dialing an activation code. This arrangement is included with the Caller ID – Number Only and Caller ID Services and is available to non-Caller ID/Caller ID customers.

Blocking Service

Blocking service is a feature that permits customers to restrict access from their telephone line to various discretionary services. The following blocking options are available to residential and business customers:

- 900, 700 Blocking - allows the subscriber to block all calls beginning with the 900 and 700 prefixes (i.e. 900-XXX-XXXX) from being placed.
- Third Number Billed and Collect Call Restriction - provides the subscriber with a method of denying all third number billed and collect calls to a specific telephone number provided the transmitting operator checks their validation data base.

- Toll Restriction (1+ and 0+ Blocking) - provides the subscriber with local dialing capabilities but blocks any customer-dialed call that has a long distance charge associated with it.
Toll Restriction will not block the following types of calls: 911 (Emergency), 1 + 800 (Toll Free), and operator assisted toll calls.
- Toll Restriction Plus - provides subscribers with Toll Restriction, as described in 1.d. of this Section, and blocking of 411 calls.
- Direct Inward Dialing Blocking (Third Party and Collect Call) - provides business customers who subscribe to DID service to have Third Party and Collect Call Blocking on the number ranges provided by the Company.

The Company will not be liable for any charge incurred when any long distance carrier or alternative operator service provider accepts third number billed or collect calls.

Blocking Service is available where equipment and facilities permit.

Call Forwarding

Call Forwarding, when activated, redirects attempted terminating calls to another customer-specific line. The customer may have to activate and deactivate the forwarding function and specify the desired terminating telephone number during each activation procedure. Call originating ability is not affected by Call Forwarding.

The calling party is billed for the call to the called number. If the forwarded leg of the call is chargeable, the customer with the Call Forwarding is billed for the forwarded leg of the call.

Call Forwarding - Busy automatically reroutes an incoming call to a customer predesignated number when the called number is busy.

Call Forwarding - Don't Answer automatically reroutes an incoming call to a customer predesignated number when the called number does not answer within the number of rings programmed by the Company.

Call Forwarding Variable Combines both Call Forward Busy and Call Forward No Answer.

Caller ID with Name

Allows a Customer to see a caller's name and number previewed on a display screen before the call is answered. Caller ID records the name, number, date and time of each incoming call, including calls that are not answered by the Customer. It is the responsibility of the Customer to provide the necessary Customer premises equipment. Anonymous Call Rejection is included. It is the responsibility of the Customer to provide the necessary Customer premises equipment.

Call Return (*69)

Stores the number of the most recent incoming call (including unanswered incoming calls) to a Customer's number. This allows a Customer to dial back any missed or unanswered calls.

Call Waiting

Call Waiting provides a tone signal to indicate to a customer already engaged in a telephone call that a second caller is attempting to dial in. It will also permit the customer to place the first call on hold, answer the second call and then alternate between both callers. Cancel Call Waiting (CCW) allows a Call Waiting (CW) customer to disable CW for the duration of an outgoing telephone call. CCW is activated (i.e., CW is disabled) by dialing a special code prior to placing a call, and is automatically deactivated when the customer disconnects from the call.

Call Waiting ID Deluxe/ Call Waiting ID with Name

When the customer is on the phone, this version of Caller ID with Name works with Call Waiting to show you the number of the "waiting" call and the name of the calling party.

Customized Number Service

Customized Number Service allows a customer to order a specified telephone number rather than the next available number. Customized Number Service is furnished subject to the availability of facilities and requested telephone numbers. The Company will not be responsible for the manner in which Customized Numbers are used for marketing purposes by the customer. When a new customer assumes an existing service which includes Customized Number Service, the new customer may keep the Customized Number, at the tariffed rate, with the written consent of the Company and the former customer.

The Company reserves and retains the right:

- To reject any request for specialized telephone numbers and to refuse requests for specialized telephone numbers;
- Of custody and administration of all telephone numbers, and to prohibit the assignment of the use of a telephone number by or from any customer to another, except as otherwise provided in this Tariff;
- To assign or withdraw and reassign telephone numbers in any exchange area as it deems necessary or appropriate in the conduct of its business.
- The limitation of liability provisions of this tariff in Section 2.3 are applicable to Customized Number Service.

Distinctive Ring

This feature enables a user to determine the source of an incoming call from a distinctive ring. The user is provided with up to two additional telephone numbers.

Directory Assistance

A customer may obtain assistance, for a charge, in determining a telephone number by dialing Directory Assistance Service. A customer can also receive assistance by writing the Company with a list of names and addresses for which telephone numbers are desired.

Local Operator Service

Local calls may be completed or billed with the live or mechanical assistance by the Company's operator center. Calls may be billed collect to the called party, to an authorized 3rd party number, to the originating line, or to a valid authorized calling card. Local calls may be placed on a station-to-station basis or to a specified party (see Person to Person), or designated alternate. Usage charges for local operator assisted calls are those usage charges that would normally apply to the calling party's service. Where no local charge applies (flat rate service), the usage charge is \$0.00. In addition to usage charges, an operator assistance charge applies to each call.

Regular Multiline Hunting

This feature is a line hunting arrangement that provides sequential search of available numbers within a multiline group.

Repeat Dial

Allows a Customer to automatically redial the last number dialed. The network periodically tests the busy/free status of the called line for up to thirty (30) minutes until both lines are found free and then redirects the call for the Customer. Once the busy line is free, the call is automatically redialed and the Customer is notified via a distinctive ring. The following types of calls cannot be automatically redialed:

- Calls to 800 Service numbers
- Calls to 900 Service numbers
- Calls preceded by an interexchange carrier access code
- International Direct Distance Dialed calls
- Calls to Directory Assistance
- Calls to 911

Speed Dial

Speed Dial 8: This feature allows a customer to store up to 8 individual telephone numbers and to dial any of those numbers using one (1) digits.

Speed Dial 30: This feature allows a customer to store up to 30 individual telephone numbers and to dial any of those numbers using one (1) or two (2) digits. Available in eight number (single digits) memory or thirty (30) number (two digits) memory.

Three Way Calling

The Three Way Calling feature allows a customer to add a third party to an existing two-way call and form a 3-way call. The call must have been originated from outside the station group and terminate to a station within the station group. The Call Hold feature allows a customer to put any in-progress call on hold by flashing the switchhook and dialing a code. This frees the line to allow the customer to make an outgoing call to another number. Only one call per line can be on hold at a time. The third party cannot be added to the original call.

Ultra Call Forward

The feature has the functionality of Call Forwarding Variable and enables the end user to remotely activate, deactivate or change the forward-to-number from any Touch-Tone or tone signaling telephone by dialing an 800 number. An added enhancement permits the end user to change his/her own personal identification number (PIN). Requires Call Forwarding Variable.

Voicemail *

Access Voicemail is an economy service that provides customers with most of the features of an ILEC standard voice mail box but without message waiting indicator, stutter dial tone. Pager, Cell Phone or Email notification is available at no additional charge. In addition, a .wav file can be generated and delivered to an email address designated to receive the voice messages

* Voice mail services are not regulated by the Maryland Public Service Commission

4.5.3. Packages

Talk Feature Package. The Talk Feature Package includes the following features:

Caller ID With Name
Call Waiting
Anonymous Call Rejection
Call Forwarding Variable
Three-Way Calling
Call Return *69
Repeat Dialing *66
Voicemail *

Business Plus Feature Package. The Business Plus Feature Package includes the following features:

Caller ID With Name
Call Waiting
Anonymous Call Rejection
Call Forwarding Variable
Three-Way Calling
*69 Unlimited Call Return
*66 Unlimited Repeat Dialing
Voicemail *

5 INTRALATA TOLL PRESUBSCRIPTION

5.1 General

IntraLATA toll presubscription is a procedure whereby an end user may select and designate an IntraLATA Toll Provider (“ITP”) to access IntraLATA toll calls without dialing an access code. The end user may designate an ITP for IntraLATA toll, a different carrier for InterLATA toll, or the same carrier for both. This ITP is referred to as the end user preferred IntraLATA toll provider.

Each carrier will have one or more access codes assigned to it for various types of service. When an end user selects a carrier as its preferred IntraLATA toll provider, only one access code of that carrier may be incorporated into the switching system of the Company permitting access to that carrier by the end user without dialing an access code. Should the same end user wish to use other services of the same carrier, it will be necessary for the end user to dial the necessary access code(s) to reach that carrier’s other service(s).

An ITP must use Feature Group D (“FGD”) Switched Access Service to qualify as an IntraLATA toll provider. All ITPs must submit a Letter of Intent (“LOI”) to the Company at least twenty days prior to the IntraLATA toll-presubscription-conversion date or, if later, forty-five days prior to the date on which the carrier proposed to begin participating in IntraLATA toll presubscription.

Selection of an ITP by an end user is subject to the terms and conditions in Section 5.2.

5.2 Presubscription Charge Application

5.2.1 Initial Free Presubscription Choice for New Users

New end users (including an existing customer who orders an additional line) who subscribe to service will be asked to select a primary ITP when they place an order for Company Exchange Service. If a customer cannot decide upon an IntraLATA toll carrier at the time, the customer will have thirty days following completion of the service request to make an IntraLATA PIC choice without charge. In the interim, the customer will be assigned a “No-PIC” and will have to dial an access code to make IntraLATA toll calls. The free selection period available to new end users is the period within thirty days of installation of the new service.

Initial free selections available to new end user are:

1. Designating an ITP as their primary carrier, thereby requiring no access code to access that ITP's service. Other carriers are accessed by dialing 101-XXXX or other required codes.
2. Choosing no carrier as a primary carrier, thus requiring 101-XXXX code dialing to access all ITPs. This choice can be made by directly contacting the Company.
3. Following a new end user's or Pay Telephone Service Provider's free selections, any change made more than 30-days after presubscription is implemented is subject to a nonrecurring charge, as set forth in 5.7.1 following.

5.2.2 Charge for IntraLATA Toll Presubscription

After expiration of the initial free presubscription choice period for new customers, as specified above, or existing customers, the end user or ITP will be assessed an IntraLATA Toll presubscription charge as specified in 5.7.1.

5.2.3 Cancellation of IntraLATA Toll Presubscription by an ITP

If an ITP elects to discontinue Feature Group D service after implementation of the IntraLATA toll presubscription option, the ITP is obligated to contact, in writing, all end users who have selected the canceling ITP as their preferred IntraLATA toll provider. The ITP must inform the end users that it is canceling its Feature Group D service, request that the end user select a new ITP and state that the canceling ITP will pay the PIC change charge. The ITP must provide written notification to COMPANY that this activity has taken place.

5.3 End User/Pay Telephone Service Provider Charge Discrepancy ("Anti-Slamming Measure")

- 5.3.1 When a discrepancy is determined regarding an end user's designation of a preferred IntraLATA toll carrier, the following applies depending upon the situation described:

A signed letter of authorization takes precedence over any order other than subsequent, direct customer contact with the Company.

When two or more orders are received for an end user line generated by telemarketing, the date field on the mechanized record used to transmit PIC change information will be used as the PIC authorization date. The order with the latest application date determines customer choice.

5.3.2 Verification of Orders for Telemarketing

No ITP shall submit to the Company a PIC change order generated by outbound telemarketing unless, and until, the order has first been conformed in accordance with the following procedures:

5.3.2.1 The ITP has obtained the customer's written authorization to submit the order that explains what occurs when a PIC is changed and confirms:

5.3.2.1.A The customer's billing name and address and each telephone number to be covered by the PIC change order;

5.3.2.1.B The decision to change the PIC to the ITP; and

5.3.2.1.C The customer's understanding of the PIC change fee; or

5.3.2.2 The ITP has obtained the customer's electronic authorization, placed from the telephone number(s) on which the PIC is to be changed, to submit the order that confirms the information described in 5.3.2.1 preceding to confirm the authorization; or

5.3.2.3 An appropriately qualified and independent third party operating in a location physically separate from the outbound telemarketing representative has obtained the customer's oral authorization to submit the PIC change order that confirms and includes appropriate verification date (e.g., the customer's date of birth or social security number).

5.3.3 The Company will follow the Federal Communications Commission's and the Maryland Public Service Commission's regulations regarding slamming. The Company will not impose a penalty or charge for unauthorized IntraLATA toll provider changes.

5.3.4 The customer owns the exclusive right to select the PIC of their choice, and may choose to migrate from one carrier to another at any time. There is no reason a carrier may refuse to release a customer who has stated their intent to select a different carrier.

5.4 PIC Switchback Options

5.4.1 Customer denies requesting change of ITP.

When the Company is contacted by an end user who denies requesting a change in ITP primary IC, the end user will be credited the charge assessed for the disputed change in carrier, and will be switched back to the previous ITP at no charge.

The ITP is in no way relieved of the FCC requirements for:

- 5.4.1.1 Verifying all PIC orders obtained by outbound telemarketing prior to submitting those orders, or
- 5.4.1.2 Instituting steps to obtain verification of orders submitted to the Company. In addition, the end user has the option of initiating a complaint to the FCC or the Maryland Public Service Commission concerning unauthorized changes in carrier. The complaint may be issued in writing to the Maryland Public Service Commission, 16th Floor, 6 St. Paul Street, Baltimore, MD 21202, or by calling toll free on 1-800-492-0474 or by calling the office of External Relations on 410-767-8028.

5.4.2 Customer requests Switchback to Previous ITP PIC.

When the Company is notified via a call from the customer, where the end user is not denying the authenticity of the most recent change to the current PIC, the Company will change the customers ITP to the previous PIC. The customer will be billed the PIC charge as specified in 5.7.2.

5.5 IntraLATA Preferred Carrier Freeze Selection

The Company will offer a preferred carrier freeze option to all customers on a nondiscriminatory basis regardless of the customer's carrier selection at no charge to the end user. The preferred carrier freeze option prevents a change in the end-user's IntraLATA toll provider unless the end users request a change in carrier.

End users may request a preferred carrier freeze on their IntraLATA toll service as a means of protection from unauthorized IntraLATA PIC changes. The Company will only accept preferred carriers freezes either orally or in writing from end users. The preferred carrier freeze will be offered on a per line basis.

The Federal Communications Commission and the Maryland Public Service Commission accepted the use of three-way calls to remove PIC freezes when the customer's IntraLATA toll presubscription choice has been frozen. Carriers must still follow the verification procedures for PIC changes of the Federal Communications Commission (e.g., independent 3rd party verification, written letter of agency from customer, electronic authorization) and the Maryland Public Service Commission. The carriers will impose and/or lift preferred carrier freeze request in accordance with Chapter 1 of Title 47 of the Code of Federal Regulation, Section 64.1190.

The customer owns the exclusive right to select the PIC freeze option on a per line basis, and may choose to unfreeze their PIC at any time in order to migrate from one carrier to another at any time. There is no reason a carrier may refuse to remove a PIC freeze from the line of a customer who has stated their intent to select a different carrier.

Marketing of PIC Freeze Option

The Company will not market the PIC freeze option to Customers within a 90-day period after implementation, i.e., 90 days following the Effective Date of this tariff. However, the freeze option is available during that period on Customer request.

5.6 Informational Notice to Customers

The Company will provide written notification to customers of their IntraLATA presubscription options and rights within 30 days of subscribing for service.

5.7 Rates and Charges

- | | | |
|-------|--------------------------------------|----------|
| 5.7.1 | Charge for ITP Carrier Change | \$ 15.00 |
| 5.7.2 | Charge for Switchback Carrier Change | \$ 15.00 |
